My Name Is

An English Language Literacy Curriculum

Introduction

This Teacher Handbook contains a set of five lessons for use by teachers with the **We Speak NYC (WSNYC) My Name Is (MyNI)** short story series for low-level readers of English. The course is designed to teach the English language skills students need to read and talk about the **MyNI** short stories. The lessons include instruction in reading, writing, speaking and listening skills.

There are 10 **MyNI** short stories in Season 1 and seven **MyNI** short stories in Season 2. Each short story corresponds to one of the **WSNYC** episodes. Each **MyNI** short story tells the story of the corresponding **WSNYC** episode from the point of view of one of the supporting characters. After completing each short story, students are prepared to watch the episode and talk about it.

The **WSNYC** episodes model the English that people need to manage everyday life situations and solve important problems such as:

- *How can I help my child in school?*
- *How can I get low-cost health insurance?*
- *My friend is being abused. What can I do to help her?*
- *What can I say when I don't understand someone?*
- *What rights do workers have?*
- *I have a lot of stress and anxiety. Where can I find support?*
- *Where can I get career counseling and help with my resume?*

This **WSNYC MyNI** course provides a foundation for reading, writing, speaking and listening in English, including using the alphabet and alphabetizing words, spelling words and writing sentences, and asking for clarification. At a fundamental level, this **WSNYC MyNI** course also:

Introduction

- Gives students practice reading, writing and talking in English about topics that are important in their lives.
- Gives students practice asking questions and working together like the characters in the MyNI short stories and WSNYC episodes.
- Reinforces information in the WSNYC episodes about important City services.
- Helps build the capacity within everyone in your class to be a leader—in their families, in their workplaces and in their communities.

How the Course Is Organized

There are five lessons of two hours each in this Teacher Handbook. When a student has completed the lessons, s/he will be prepared to read the corresponding MyNI short story. Repeat the five lessons for each MyNI short story. Teaching the 10 Season 1 short stories is a 100-hour course. Teaching the seven Season 2 short stories is a 70-hour course.

The lessons in this Teacher Handbook are for use with all the MyNI short stories. The specific vocabulary and characters referred to in the activities are from *My Name Is Fatima*. When you prepare to teach each short story, substitute vocabulary and characters accordingly. Handouts for each MyNI short story are provided in the Handouts section of this Teacher Handbook. In the Appendix, there is a list of characters and a list of important words as well as additional materials that you will also need to teach each MyNI short story.

Lesson One contains introductory activities. They do not need to be repeated in full with each new short story.

Lessons Two, Three, and Four contain pre-reading activities. The pre-reading activities build skills students need for reading the short stories. In addition, they activate student knowledge about the content of the short story. Moreover, the pre-reading activities build student confidence in using English.

In **Lesson Five**, students review learning from the previous lessons and they read the short story. There are suggestions for post-reading activities following Lesson Five.

LANGUAGE LEVEL

The lessons in the **WSNYC MyNI** course have been written for low-level ESOL students who are approaching the level of the **MyNI** short stories, but who are not able to read them independently. The steps to the activities contain deliberate, simple and direct language for giving instructions and directions. Adapt the activities as appropriate to the level of your class.

Tips for WSNYC MyNI Teachers

- Learn your students' names and use them to get everyone involved.
- Speak slowly and clearly. Be aware of the pace of your speech. When you catch yourself speaking too quickly, slow down.
- When reading a list of words or expressions out loud, pause between each item in the list.
- Be brief when giving instructions. Be mindful of your choice of words.
- Use hand gestures to help communicate what you mean. Point to things you are referring to.
- When you hand something out for pair work, use gestures to get students to face each other and to work together.
- Give one handout to two students. This gives students a reason to work together and talk to each other.
- When you are introducing and practicing new words/phrases/sentences, listen for students who say them clearly. Have those students model for others to follow. This builds listening skills and empowers students.
- Welcome all responses with a smile. If someone responds incorrectly, be encouraging with phrases such as “good try” and “try again.”
- Affirm correct responses and have students model for others.
- Teach grammar with examples from the context of the story, not in isolation.
- Look for opportunities for students to use the language skills you are teaching. Students need as much practice as possible with new skills and with new vocabulary and content.

Introduction to the Short Story

Lesson Two introduces 10 important words and the characters from the short story.

In this lesson, students:

- **spell** important words used in the short story
- **learn** the names of characters
- **make** some guesses about the characters

The lesson starts with a brief review from Lesson One.

LESSON TWO ACTIVITIES

- Important Words from the Short Story** (20 minutes)
- Alphabetizing Words from the Short Story** (35 minutes)
- Character Names** (25 minutes)
- Guessing about the Characters** (30 minutes)

Why ask students to make guesses about characters in the short story?

The purpose for making **predictions** (*guesses*) is to activate knowledge relevant to the short story. When students make guesses, do not tell them the correct answers about the characters. They will confirm information when they see pictures and read.

Remembering Names

This activity introduces language for students to ask for names they may have forgotten.

Teacher Preparation

- Post the **Classroom Wall Charts**.*
- Write your name on the board.

Materials

- **Classroom Wall Charts**

STEPS

1. Welcome everyone with a smile.
As students arrive, greet them by name.
SAY: *Welcome back everyone.*
2. **WRITE:** *name*
Point to yourself and **ASK:** *What is my name?*
Refer to your name on the board if students don't remember.

* The **Classroom Wall Charts** are the charts that you made for Lesson One. Post them on the wall for each of the lessons. The set includes:

- **Alphabet Chart**
- **Correction Language**
- **Clarification Language**
- **Course Goals**

3. **WRITE:** *I'm sorry. Tell me your name again.*
Read the sentences on the board.
Lead the students in practice saying them a few times.
Help with pronunciation as needed.
4. Model the language with one student.

5. Prompt students to practice saying this in pairs.
Make sure everyone practices and also says their name.
6. **SAY:** *Let's go around the circle and say our names.*
Gesture to yourself and **SAY:** *My name is...*
Finish the sentence with your name.
Make sure everyone says their name.

Important Words from the Short Story

(20 minutes)

This activity introduces students to important words in the short story.

Teacher Preparation

- Look at the list of important words for the short story you are teaching and anticipate any words from the list that may be difficult. (There is a page called **Characters and Important Words** for each short story in the **Appendix**.)
- Identify pictures in the **Picture Story** (in **Handouts**) that help illustrate meanings of words from the list of important words that may be new for your students.
- The **Important Word Cards** handout has words to cut out. Each student gets one card in this activity. Make multiple copies as needed.

Materials

- One copy of the **MyNI** short story that you are teaching
- **Important Word Cards**, one card for each student (in **Handouts**)
- **Picture Story**, one for every two students (in **Handouts**)
- **Classroom Wall Charts**

STEPS

1. **SAY:** *In this class we are going to read short stories.*
Show the class a copy of the **MyNI** short story.
SAY: *This is our first short story.*
SAY: *This short story is called **My Name Is Fatima**.*
SAY: *Let's learn some words to help us read the short story.*

2. Hand out one of the **Important Word Cards** to each student.
(Make sure you have enough cards so each student gets one.)
3. **SAY:** *Read the word on your card out loud. I will write the words.*
Make a list of the words on the board (or on newsprint or flip chart paper).
(Don't make the list in alphabetical order. Write the words as the students say them.)
Number the words. (Most of the short stories have 10 words and some have nine.)
4. **SAY:** *Listen as I say these words.*
Read the words on the list.
After you read the list, ask the students to read it with you.
Help with pronunciation as needed.
5. **ASK:** *What words are new for you?*
Put a check next to words on the list that are new to some students.
6. Point to the question on the **Clarification Language Chart** that says:
What does _____ mean?
SAY the question together: *What does _____ mean?*
Prompt students to ask the question about a word they don't know.
Take responses and affirm ideas.
7. Hand out the **Picture Story**. (One **Picture Story** for every two students.)
Point to a picture that helps show the meaning of a new word.
Repeat steps 5–7 for other new words.

- **Classroom Wall Charts**

STEPS

1. **WRITE:** *alphabet*
Point to the **Alphabet Chart**.
SAY: *Let's review the letters of the alphabet.*

Have the students take charge of asking: **Is it correct?**
2. **SAY:** *The letters in the alphabet have an order. It's called alphabetical order.*
WRITE: *alphabetical order*
Say the words *alphabetical order* with the students.

3. Explain the meaning of alphabetical order by pointing to the letters on the **Alphabet Chart** while saying them in order.
(You can write the numbers 1–10 on the board to help you show the meaning of order. To show numbers *not in order*, mix them up. Use gestures and pointing as needed to help students understand the meaning of the word *order*.)
4. Point to the list of important words that you wrote in step 3 of Activity B. (This is the list that is *not in alphabetical order*.)
SAY: *Let's put the words in alphabetical order.*
SAY: *Look at the order of the letters on the Alphabet Chart.*
Underline the first letter of each word on the list of important words. Point to the first letter of each word that you have underlined.
ASK: *Are these letters in alphabetical order?*

Walk around the class and help as needed.
10. Ask a student to write his/her list on the board.
ASK: Is it correct?
Prompt students to use correction language by pointing
to the **Correction Language Chart**.
11. **SAY:** Check your list in your notebook. Are the words in alphabetical order?
Walk around to ensure that the students' lists are in alphabetical order.
Help as needed.
12. **SAY:** Let's practice spelling.
Ask for a volunteer to come to the board.
Point to a word on the list on the board.
ASK: How do you spell "**children**"?

Guesses about the Characters:

The first time couple of times that you do this activity, have the students guess about the gender of the characters based on their names, as the activity is written in the steps below. (In the stories, the characters are identified as female or male through the pronouns she/her and he/his.) With subsequent short stories,

adapt the activity by having the students guess where the characters may come from (country or continent) and what their first language may be. You can also have the students look at the picture story and guess about family relationships (mother, father, husband, wife...) or other information about the characters.

Meeting the Characters

In Lesson Three, students become more familiar with the characters and words in the story. They look at pictures from the short story and talk about what the characters are doing. In the lesson, they also do a paired activity called “Face-to-Face.” The activity gets everyone talking.

In this lesson, students:

- **confirm** their guesses about the characters from Lesson Two
- **talk** about the characters and the story based on what they see in pictures from the short story

11. Repeat step 10 for the words in column 2 and column 3.

Reading the Short Story

(1 hour)

In this activity, the teacher reads the short story to the class followed by the students reading the short story independently.

Teacher Preparation

- Rehearse reading the short story in a slow but natural and clear delivery prior to the lesson.
- Anticipate questions that students may have about the short story and how you can answer in simple language and by referring to pictures in the short story.
- Think about how you can prompt students to use clarification language when they ask their questions about the story.
- Familiarize yourself with the post-reading activity ideas on page 67 and choose activities that suit the needs of your students.

Materials

- **My Name Is Fatima** (the students' copies)
- **Classroom Wall Charts**

STEPS

1. Ask the students to put everything away including their copies of the short story.
SAY: *I'm going to read the short story to you. Relax and listen.*
2. Make sure everyone's short story is closed.
Read the short story with a clear delivery and slow but natural pace.
3. When you finish reading, **SAY:** *Now let's read together. I will read the short story again, and you will read silently.*

Tell the students to open their short stories to page 1 and to take out a pencil or pen.

SAY: *Please use the pencil to follow the words as you read.*

Read silently as I read out loud.

Read again, slowly and clearly. Watch and monitor students as they read.

4. When you are finished the second reading, **ASK:** *What did you learn about the story? What did you like? What was difficult?*

Take student responses.

Listen and encourage students to speak about the reading.

5. **SAY:** *Now you're going to read the short story independently.*

You will read the short story again, silently.

This time I will not read out loud.

SAY: *Relax and enjoy the story.*

6. Give the students time to read.

Walk around the room and encourage the reading process.

If a student has read the short story while others are still reading, quietly tell him/her to reread it.

7. When most students are finished, **SAY:** *Wonderful. Please turn to the person next to you and talk about the story.*

Talk about words. Talk about characters. Talk about the short story.

Give students 5 minutes to talk in pairs.

8. Get the attention of the whole class for a discussion.

Ask questions such as:

- **What do you think?**
- **What did you talk about with your partner?**
- **What did you like in the story?**
- **What words were difficult?**
- **What questions do you have?**

Additional Post-Reading Discussion Questions

To further the discussion about the story, choose some of these questions:

Questions about characters in the story:

- Who is your favorite character? Why?
- What does she or he do in the story?
- What did you like about the character?

Questions about solving problems:

- What is the problem in the story?
- What do people in the story do to solve this problem?
- What do friends do?
- What does the family do?
- What services are there to help people?
- Do you know anyone who has a problem like this? What happened?
- What can you do to solve this problem?
- What can people do together—friends, family or other people?

Questions about services:

- Where can you go in NYC to get services?
- Who can you call?
- What can you say?
- What did you learn from the short story today?

Post-Reading Activities and Resources

1 Watch the WSNYC Episode

Before watching, use the pictures and important words that have been selected for pre- and post-watching discussion about each episode. They are available on the WSNYC website:

www.nyc.gov/WeSpeakNYC

There are three pictures and five important words for each episode. The students in your class will already know most of the characters and the general story in the episode. However, there are many things that happen in the episodes that they will not know from the **MyNI** short stories. Use the three pictures for each episode to have students talk about what they know and to make predictions about the episode.

You can also use the pictures in the **Picture Story (in Handouts)** for pre-watching. Cut them out and have students create dialogues between characters in the pictures. Or have the students sequence the pictures.

The **Teacher Resources** and **Practice** sections of the WSNYC website have numerous additional resources that can be used for pre- and post-reading and watching activities. The resources include **Study Guides**, interactive quizzes, “**Meet the Characters**” video clips for each episode, and much more.

2 WSNYC Study Guides

Each of the WSNYC episodes has a corresponding **Study Guide**.

- Each **WSNYC Study Guide** contains a picture story with dialogue from the episode. Reading the picture stories in the **Study Guides** will strengthen your students' reading skills. The students will be even more prepared to watch the episode. It's a great way to build on your students' skills and to get the most from watching the episode.
- The **WSNYC Study Guides** contain a wealth of additional language activities (vocabulary, question-asking, problem-solving, and others). Look at each of the **Study Guides** to see which ones you want to use.

3 Role Plays

Have students work in pairs (or small groups) to create short dialogues between two or more characters in the story. Choose particular moments or scenes for the dialogues. For example, in *My Name Is Fatima*, have students write a dialogue between Fatima and Carmen on the phone or between Carmen, Juan and the teacher at the parent-teacher conference. After writing, have the students act out the dialogues.
